

# BIO ACCELERATOR

**INNOVATE. INCUBATE. ACCELERATE.**

The **VABEACHBIO** ACCELERATOR features 5,700 square feet (530m<sup>2</sup>) of fully-furnished space with Biosafety Level 2 (BSL-2) wet/dry labs, private offices, conference rooms, and a variety of amenities. Capital opportunities (e.g.VC's/grants/loans) and business development programming are also available to tenant companies and virtual affiliate members.

## WHY

The growing bio hub in Virginia Beach offers unique opportunities that can't be found in larger East Coast markets.

## WHAT

Membership-based facility with co-working space, laboratories, and business development programming.

## WHO

Ideal for bio and life sciences startups, small and medium businesses, and new-to-market firms.

MORE INFO  
ON BACK

The Virginia Beach Department of Economic Development is dedicated to assisting domestic and foreign companies in the bio and life sciences sector invest in our community, through relocation or expansion, while also enabling local businesses to take advantage of the opportunities presented by this key growth industry in the U.S. and globally.

We will gladly host community visits and bio accelerator tours, free of charge, for those interested in establishing their business in Virginia Beach. For more information, visit [yesvirginiabeach.com/bio-accelerator](http://yesvirginiabeach.com/bio-accelerator)

## EXPERIENCE THE VIRGINIA BEACH DIFFERENCE

The benefits of choosing the **VABEACHBIO** Accelerator for your business go beyond selecting a strategic East Coast location with great quality of life. Virginia Beach offers a personal approach to helping bio and life sciences companies thrive in our community: its team of economic development professionals works closely with businesses that seek to establish a presence in the City, offering them the assistance needed for a strong start and promising future.

This white-glove service is free of charge and offered in absolute confidentiality. It's a resource that's nearly impossible to find in larger bio hubs but makes all the difference when it comes to growing a successful business.
