Celebrating Small Business Month with You!

Small Business Month is a time dedicated to celebrating the vital role that small businesses play in our economy and communities. Small businesses are the backbone of many economies around the world; what they lack in size, they often make up for in dedication and tight-knit relations to their communities. We also celebrate Small Business Week, which is a dedicated time, usually held during the first week of May (4th – 10th), to recognize and celebrate the impact of small businesses on the economy and their communities. Organized by the U.S. Small Business Administration (SBA) and other partners, the week features events such as workshops, panel discussions, networking opportunities, and award ceremonies that honor outstanding small business owners and entrepreneurs. During this month, we also observe Military Appreciation Month, where it is a time to honor and recognize the sacrifices and contributions of service members past and present. To show their duality, 8.2% of small businesses in Hampton Roads are owned by veteran entrepreneurs, while continuing to also make up 8.5% of the workforce. By participating in Small Business Month, people help create momentum for small business growth, inspire new entrepreneurs, and contribute to the ongoing health and diversity of the local and national economy. And, here at The HIVE VB Business Resource Center, we continue to shine a light on the wonderful small business in Hampton Roads by gearing topics toward small business needs brought by small businesses!
